In The End

Yusuf Islam

You can't bargain with the truth
'Cause whether you're right or you're wrong
We're gonna know what you've done
We're gonna see where you belong in the endYou can't bargain with the truth
'Cause whether you are black or you're white
We're gonna know who's right
We're gonna see you in the light in the endOh and every little thing you do
You better know it's coming back to youYou can't bargain with the truth
'Cause one day you're gonna die
And good's going high
And evil's going down in the endYou can't bargain with the truth
'Cause whether you're old or young
We're gonna see what you've done
There'll be nowhere else to run in the endYou can't bargain with the truth
'Cause whether you're rich or you're poor
You're gonna meet at the same door
You're gonna know the real score in the endAnd if you want to help your fellow man
You better start with what is in your handYou can't bargain with the truth
'Cause whether you're right or you're wrong
We're gonna know what you've done
We're gonna see where you belong in the endYou can't bargain with the truth
'Cause if the world you chose
No further than your nose
Will be where the doors will close in the endYou can't bargain with the truth
'Cause for those who were deceived
There'll be no reprieve
Or there'll be no time to believe in the endOh with every little thing you do
You better know it's coming back to youYou can't bargain with the truth
'Cause one day you're gonna die
And good's going high
And evil's going down in the end
