

# All We Do

## Young Jeezy

I gotta bitch named Banana.  
Pussy Bananas, that's why I gotta say it again,  
pussy bananas. My lil cool ass bitch, she from  
the Westside. She let me hit from the back, say  
that's her best side. Say that's her best side, call it  
her wet side & everytime the bitch cum she holla  
"westside". One Thrusday night met her at Crucial's.  
You already know with the rest that head crucial. Do  
this lil thang with her tongue, that get me so hype. You  
should see her lips when i'm done, them shits be so white.
