

# Rip Off

## Defiance

it's happened before and now it's happening again  
rancid rotten bastards fucking trying to cash in  
they're on tv and they're on the radio  
on the cover of spin magazine how far is it going to go  
exploiting punk rock to the useless fucking masses  
with mass media saturation and financial fucking backing  
we won't be fooled by your prepackaged rebellion  
bought and sold by corporate fuckheads  
when you work with the enemy that  
makes you the same kind of scum  
who has robbed our fucking movement from the very day that it began as you  
riot riot riot your fucking self right to the bank  
i know we all know that you're just a fucking rip off[Chorus:]  
rip off  
rip off.  
rip off  
fuck you fuck off.radio radio what a fucking load of shit  
and by the way what the fuck does the radio have to do with it  
just another clever trick they got to hush the humming masses  
while they buy buy buy this weeks overplayed trash  
is today green or tomorrow fucking greener?  
for the bosses making money while your spewing out crap love songs  
what the fuck is punk about road managers and booking  
agents or backstage rooms and pre show exercises  
twenty thousand seat arenas..oh c'mon you make me fucking sick  
in 1976 they started out to put an end to all that useless shit  
it's happened before and it's happening again but you're never gonna fool us  
because you're just a bunch of rip-offs[Chorus]
