Stockton

Death Grips

[Hook]

I'm bouncin whoop whoop

Loud and lit Allan Poe poe shit

I'm bout ta loose that blueI can't feel hype I man kill hype

Slapped to still life

Actors posin plastic like token

Can't fit my low end splits your ocean

Obey the chosen the latent quotient raised to drogen

Heavy is the head you're blowin

I'm fuckin flippin

Minute ago wasn't schiz but now I'm itchin

Critical condition

Thought I told you not to listen

This road don't stop shiftin

I'm floatin I'm driftin[Hook]

I'm bouncin whoop whoop

Loud and lit Allan Poe poe shit

I'm bout ta loose that blueYou ain't heard not my problem

Past ain't poppin calli curbed beyond forgotten

Pervin while them clutch the bottom

Feeders suck like stuck in Stockton

Cuttem off like drunks been clockin

Least three a month prestalkin

Noted symptoms hid like like Laden

Bin through shit like sodom

Instinct man no question looped me into no direction

No footprints in this bleach I tread them don't know yet but thats expected[Hook]

I'm bouncin whoop whoop

Loud and lit Allan Poe poe shit

I'm bout ta loose that blueCaved in my ribs drug out fucked out Samhain skid off bay bridge

Come with me and I'll unhurt you

Keep all I do locked kept your move

Keep all I do locked kept your move

Should we be worried what I'm not

Heard bleeders knock all types a shit

Is of no consequence

I'm out there I'm out there

I'm pushin mojo yo yo crack back and blow yo whole set lack

The cojones ta make it clap

Bouncin get up wit it[Hook]
I'm bouncin whoop whoop
Loud and lit Allan Poe poe shit
I'm bout ta loose that blue
