Naked

R Kelly

Baby, what we gon' do?
I need you to talk to me
Come on
Suddenly, I feel the need to pull you close to me
But I don't know, if it's what you want, baby
Girl show me some kind of sign
That tells me that you're mine, all mine, baby
It's gettin' awfully warm, off in this room
I'm gettin' head up off your sweet perfume
And I'm ready, to explore every part of you
Girl I'll take my clothes off first, then now you
Ooo ooo ooo, baby
Baby, tonight we'll be, naked
Ooh, ooh, ooh
I'll take a stroll through your garden of love
And show you so, so much
Just take my hand and believe in our future
Gettin' you open like matchin' doors
Sheets and covers on the floor
And if the bell should ring, we won't answer
Girl, I'll take my clothes off first, and now you
Wanna tell, what I want from you
Baby tonight I wanna see you naked
So dim the lights
Baby tonight I wanna see you naked
I wanna see you tonight
Baby tonight I wanna see you naked
Oh babe, oh babe, your body's the reason for sight
Baby tonight I wanna see you naked
Ohh ohh, naked
