## Auf Der Maur

Oh oh oh  
Oh oh oh In a dream  
Under a tree  
In her garden  
Is where she found me In my bed  
In a dream within a dream  
Your mother's girlfriend  
Said to me Where do you know each other from?  
A long time ago is what I said  
Where do you know each other from?  
A long time ago is what I said Then the words came out  
The time was love In love again  
Under her wings  
Within a tree  
Resurrection found me Under influence  
Of a dream within a dream  
Your mother's girlfriend  
Had a question for me Where do you know each other from?  
A long time ago is what I said  
Where do you know each other from?  
A long time ago is what I said She said, the time is now,  
And it's here again  
The woman in my bed  
The feline in my head Then the words came out  
The time was love She said, the time is now,  
And it's here again  
The time was love  
And it's now running Oh oh oh  
Oh oh oh The woman in my bed  
The feline in my head  
The woman in my head  
The feline in my bed
