Need You

Sonny James

I need you oh, how I need you
The nights are lonely since we're apart
I miss you oh, how I miss you come back
My darlin' and mend my heartI'm sorry dear I made you cry
Please forgive and forget the days gone by
I need you oh, how I need you
Come back my darlin' into my heartI'm sorry dear I made you cry
Please forgive and forget the days gone by
I need you oh, how I need you
Come back my darlin' into my heart
