Final Bow

Us The Duo

I'm a little overwhelmed
This is nothing like I planned
Why should I stray from what is right?
To enter in this broken landI'm a little bit confused
Can't seem to tell what's real or not
The words I said came from the heart
But to you I'm just another checked off boxI won't change for you
Even if you asked me with a smile
I won't cry for you
We both know that you don't really careLa lala la la la, la lala la la la la
Didn't need you then
Sure don't need you now
La la la la lala la la la la
Watch me walk away, take a final bowI'm a little broken down
Your words they never hit me well
I should have seen it from the start
That I could never really be myselfI'm a little bit alarmed
Having lies behind screen
Even smoke machines and lights
Can't cover what my eyes have seenI won't change for you
(I won't change for you)
Even if you asked me with a smile
I won't cry for you
(I won't cry for you)
We both know that you don't really careLa lala la la la, la lala la la la la
Didn't need you then
Sure don't need you now
La la la la lala la la la la
Watch me walk away, take a final bowThank you (thank you) thank you for showing me
You are (you are), who I don't wanna be
Goodnight (goodnight), don't you wait up for me
Watch me (watch me), take a final bowLa lala la la la, la lala la la la la
Didn't need you then
Sure don't need you now
La la la la lala la la la la
Watch me walk away, take a final bow [x2]Take a final bow
