None of Them

Deadly Apples

Don't you save yourself for me
It's not worth it
I will keep on bleeding

Don't you heal yourself for me
It's not worth it
I will keep on dying

My mind's the thing I hate the most
I made the choice to burn my wings

I won't save myself for you
You're not worth it
You just keep on bleeding

I won't heal myself for you
You're not worth it
We just keep on dying

My mind's the thing I hate the most
I made the choice to burn my wings

I won't save myself for you
You're not worth it
You just keep on bleeding

I won't heal myself for you
You're not worth it

You're not worth it
You're not worth it
You're not worth it
