Fallen Man

The Resurrectionists

As you push it up through the soil
I will shake your filthy hand
You may be dead to me but that
Don't mean we can't be friends
Now it's time to get over this
Long as it's clear you understand
That I will never trust a single
Thing you say again
Because the judge of you is someone
I could never be
Is why you should thank the
Lord that it is Him and it's not me
Don't give up, it's not the end
There's hope for every fallen man
To pick themselves up when they think they can
Because with every passing second
Comes a second chance
Oh, oh, oh
You stole so much from me
And there is nothing left to take
Save a hard learned lesson
On how to not make the same mistake
And you may be delirious
But that is something that will fade
After you confess that this mess
Is all something that you made
Oh, because the judge of you is someone
I could never be
Is why you should thank the
Lord that it is Him and it's not me
But don't give up, it's not the end
There's hope for every fallen man
To pick themselves up when they think they can
Because with every passing second
Comes a second chance
Oh, oh, oh
Don't give up, it's not the end
You'll get back on your feet again
Forgiveness can be given when you think it can

Because with every passing second
Comes a second chance
Oh, oh, oh
'Cause with every passing second
Comes a second chance
Take a good look at yourself and know
You've got yourself a ways to go
But difficult is not impossible
You can take back all the lost control
Take a good look at yourself and see
You'll emerge eventually
As long as your heart's not too far gone
From the only thing that can save you from yourself
Forgiveness can be given
When you think it can
'Cause with every passing second
Comes a second chance
But don't give up, it's not the end
There's hope for every fallen man
To pick themselves up when they think they can
Because with every passing second
Comes a second chance
Oh, oh, oh
Don't give up, it's not the end
You'll get back on your feet again
Forgiveness can be given
When you think it can
Because with every passing second
Comes a second chance
