

(I'll Be Glad When You're Dead) You Rascal You

Ingrid Michaelson

I wait in the rain
But I don't complain
'Cause I wait for you
And I don't feel pain,
You're like Novocaine,
And I got you It was always you
It was always you Time and again
I thought that the end
Was just around the bend
But you showed me there's more,
I got more in store,
And you got me It was always you
It was always you
