Static-X

Freak out, don't you take the cop out
Chain reactor touch down
Take a drum and tie it downGrinder, pour it in and grind in
Put it through the grater
Use your hole to find itTurn around, freak out, drop out, come again
Turn around, freak out, drop out, goat
Turn around, freak out, drop out, come againTurn around, freak out, drop out, come again
Turn around, freak out, drop out, goat
Turn around, freak out, drop out, come againEcho, low reverberation
Step it up, sharp intake
Animal sensationDiscord, shoot to hit brain melter
Heavy turbine crackle
Justify this shackleTurn around, freak out, drop out, come again
Turn around, freak out, drop out, goat
Turn around, freak out, drop out, come againTurn around, freak out, drop out, come again
Turn around, freak out, drop out, goat
Turn around, freak out, drop out, come againTurn around, freak out, drop out, come again
Turn around, freak out, drop out, goat
Turn around, freak out, drop out, come againTurn around, freak out, drop out, come again
Turn around, freak out, drop out, goat
