

50 Shots (Instrumental)

Method Man

Meth Man Cory Gunz go bang
Streetlife gotta knife, homie run your chain
Mack
Riding around the city and we do our thing
From a city that is known to do crazy things
You already I'm heavy ya'll stay in your lane
We ready stat fete still playing the game
Mack, ladies in the show singing every hook
But they're gonna get their panties took, so lets goAye aye
Y'all don't get the picture before we focus
Facts, look who back
Crooked like scoliosis, the take over
Take this line straight up your noses
This for my smokers
But this time I up the dosage
This my closest, to perfection
My magnum opus
The magnum smoking
I'm safe
Like when the magnum open
What y'all promoting
Sex, lies, and true religion
Now how ironic
Them jeans ain't got no true up in em, no wu up in em
No DNA won't see the day
You crash my set Lil Mama
No VMA Meth is a threat
Zero drama, I'm such a vet
No need for checking my cuts (Nooo)
Just cut the check
Who want one, You'll need Hanz and Cory's Gunz
Graffiti some, we spray cans where Cory from
I dreamed I lost in a food fight and Nore won
Kidding so it shall be written the story doneMeth Man Cory Gunz go bang
Streetlife gotta knife, homie run your chain
Mack
Riding around the city and we do our thing
From a city that is known to do crazy things
You already I'm heavy ya'll stay in your lane

We ready stat fete still playing the game
 Mack, ladies in the show singing every hook
 But they're gonna get their panties took, so lets go Fuck you losers
 While they fake jacks I make maneuvers
 Like Method, Sticking up crews, bumping some Wu shit
 I'm all seasons goose down hoodie and snorkel
 Whatever, whatever you want I'll off you
 I'm awful, unlawful
 I ain't the one to talk too
 Thats word to uncle Ghost
 I'll cook your waffle
 Riddle me down
 I'm mentally that
 Freddy the villain is here you remember me back
 Felony killers or kittys
 I chill and trapped in the belly
 No telling me how high and they feel I be strapped
 Waiting for murderers some type of burglar and chompin
 And murder burglar upon us some karmas when the curb with
 Turbulent, been a veteran what you still a virgin
 Dangerous grounds, we stain the clowns I'm burgeon goon platoon
 Some loon buffoons refurbishing, womb for tombs
 Kaboom, you doomed, no surgeon you know Meth Man Cory Gunz go bang
 Streetlife gotta knife, homie run your chain
 Mack
 Riding around the city and we do our thing
 From a city that is known to do crazy things
 You already I'm heavy ya'll stay in your lane
 We ready stat fete still playing the game
 Mack, ladies in the show singing every hook
 But they're gonna get their panties took, so lets go You could never break me down
 I'm built for this
 Crown fitted for a king I'm victorious
 Its survival of the fit as we are warriors
 For the red, black and green vanglorious
 God body cypher divine
 Dangerous minds
 Spontaneously combine
 It's the sign of the times
 All things must come to an end
 I'm a ball until then
 No fade away shots
 I'm going hard at the rim
 Might rupture my achilles heel
 Chasing this hundred mill

Brake pads gone
Just lost my third wheel
On my last leg
Stay kicking like old cabbage and boiled eggs
Known to hold a grudge
Won't stop till they all dead
Eyes bloodshot red
Bottle to the head damn forgot what I just said
Eyes blood, fuck it just on to the next one
I been around the world never forgot
Where I came fromMeth Man Cory Gunz go bang
Streetlife gotta knife, homie run your chain
Mack
Riding around the city and we do our thing
From a city that is known to do crazy things
You already I'm heavy ya'll stay in your lane
We ready stat fete still playing the game
Mack, ladies in the show singing every hook
But they're gonna get their panties took, so lets go
