# She Comes to Me

## James Otto

Every night when the sun goes down
She takes a drive to my side of town
Needin' somethin' that she ain't found
So she comes to meThe only thing that he's done wrong
Is leavin' her alone too long
He's always workin', he's always gone
So she comes to meShe just needs somethin'
That'll pass time just like the last time
She just wants
Two arms to hold her tightAnd I'm someone
That'll love her and let her leave
So she comes to me
Yeah, she comes to meHe buys her clothes and fancy things
She's got the house and diamond rings
But he don't give her everything
So she comes to meShe's lookin' for another role
Some feeling that she used to know
I kiss her soft, I kiss her slow
So she comes to meShe just needs somethin'
That'll pass time just like the last time
She just wants
Two arms to hold her tightAnd I'm someone
That'll love her and let her leave
So she comes to me
Yeah, she comes to meShe just needs somethin'
That'll pass time just like the last time
She just wants
Two arms to hold her tightAnd I'm someone
That'll love her and let her leave
So she comes to me
Yeah, she comes to meSo she comes to me
Yeah, she comes to me
