Rescue Me

[Sherwin Gardner](#)

I gotta be real with you, Jesus
Tears in my eyes, right now
I don't want to lie to you, Lord
Yeah

I feel like I'm falling
I can't get up
Lord, so much problems
When will it stop
Lord, so much pain
I'm hurting inside
I keep on smiling
Cause I try to hide

My eyes are filled with tear
I've got so many fears
I don't know what to do
Which why I call on you, to

Chorus
Rescue Me, Bring me back to where I used be
Rescue Me, I'm crying Lord
Please to set me free

Sometimes you're drowning
Crying for help
Still you turn to drugs and, everything else
When there is someone who's always there
To answer your call
He always hears
See I remember when I tripped and I fell
Fell on my face
I cried and I yelled
Help me Father
Please, set me free
Oh, Jesus, just rescue me

(Chorus)

I've got a purpose, I've got a destiny

There's something that I need to be
I'm not giving up, even though sometimes it's grim
It's your voice, I keep listening
You said my child, I'll never leave you low
Even though my back is against the wall
Lord, I'll never let you go
Cause you can…rescue me

(Chorus)

To my first love
I want to feel the way I feel when I first met you
To my first love
Saturate me Jesus
I just got in here to
Just to bless You and to praise You
Yeah, Yeah
You rescued me
