Dreams

Beck

Ooh oh oh oh ooh
Ooh oh oh oh oohCome on out of your dreams
And wake up from your reverie
Time is here, don't go to sleep
Straight to running on the brink
This heaven, we got more fear
But a dollar for my life? Absurd
Cause there's trouble on the way
Oh, there's trouble on the way
Oh, get a dog and pony for our judgment dayHere we are
Round in circles, around around around around
When nothing's right, just close your eyes
Close your eyes and you're goneDreams (dreams dreams)
D-d-d-d-dreams (oh oh oh)
She's makin' me high, she's makin' me high
Dreams (dreams dreams)
D-d-d-d-dreams (oh oh oh)
She's makin' me high, I wanna get messy
Nothing gonna get me in my worldNow can these fucking waves find me
By the night, you find reality
If you wanna fall in a dream
You can put the weight right onto meHere we are
Round in circles, around around around around
When nothing's right, just close your eyes
Close your eyes and you're goneDreams (dreams dreams)
D-d-d-d-dreams (oh oh oh)
She's makin' me high, she's makin' me high
Dreams (dreams dreams)
D-d-d-d-dreams (oh oh oh)
She's makin' me high, I wanna get messy
Nothing gonna get me in my world
Nothing gonna get me in my world(Stop messing with my dreams, dreams, yeah
Stop messing with my dreams, dreams, yeah)Here we are
Round in circles, around around around around
When nothing's right, just close your eyes
Close your eyes and you're goneDreams (dreams dreams)
D-d-d-d-dreams (oh oh oh)
She's makin' me high, she's makin' me high
Dreams (dreams dreams)

D-d-d-d-dreams (oh oh oh)
All day and all night, I wanna get messy
Nothing gonna get me in my world
I wanna get messy
