

It's All About You

Luther Vandross

Lady, let me dry the rain drops from your beautiful hair
That's all I ever want to do, yeah
And darling let be the one that you can always depend on
You know I will never let you down 'Cause I, want to spend my whole life
Just hoping that I can please you
'Cause that's all I ever want to do It's all about you, it's not about me
There is no one more beautiful than you are to me
It's all about you, it's not about me
And I am proud to know that you have me here by your side
'Cause it's all about you, hey, hey, hey Lady, I will be the sunshine that brighten up your way
And it doesn't have to be a special day
Please, let me take you to a sacred place
Where only lovers go our own little hide away 'Cause I, want to spend my whole life
Just hoping that I can please you
'Cause that's all I ever want to do It's all about you, it's not about me
There is no one more beautiful than you are to me
It's all about you, it's not about me
And I am proud to know that you have me here by your side Girl, I have search all over the world
Trying to find that special girl
But when I looked into you eyes
I knew you were the one for me So now I am giving my life to you
So what ever you want
What ever you need
I am willing and able to give It's all about you, it's not about me
There is no one more beautiful than you are to me
It's all about you, it's not about me
And I am proud to know that you have me here by your side
