

Slander

Alien Produkt

The word is out -- heads are talkin'
And just like a fire ragin' wild in the night,
 The rumors hot, the room is rockin',
 It's out of control, too vicious to fight
 Two lovers split -- a heart is shattered
And out of revenge it steals through the night,
 Making sure the lies are scattered
To every border of this town tonight
The word's on the street, you call it truth,
 I call it slander,
 Times are tough, talk is cheap --
 Soon they'll talk about you --
 Slander
The jury splits -- undecided,
 They're searching for clues,
 My live in their hands
The hour has come, they stand divided,
The future shall judge the good and the bad
And now, there's talk on the street --
 I call it slander,
 I will fight this somehow
 Revenge will be sweet
 Slander -- like a knife in my heart --
 Slander
 Slander -- gonna keep us apart --
 Slander
 Slander c there's talk on the street
 Slander -- revenge will be sweet
 Slander -- I'm ready to fight
 Slander -- I will find it tonight
 Slander -- like a knife in my heart --
 Slander
 Slander -- gonna keep us apart
 Slander
 Slander -- there's talk on the street --
 Slander -- revenge will be sweet
 Slander -- too vicious to fight
 Slander -- wild in the night
