

# From God Above

## Hillsong United

As I look at the world I begin to dream  
Of the future  
And what's yet to be  
Your love so strong for every one  
You made us all  
In your image And you saved the day  
When Jesus came  
And you took away  
All the sin and shame  
You made us right again You came from God above  
The Father's only Son  
Saved my soul  
Made me new  
And now I live for you My heart is alive and my spirit free  
In the Savior  
Gave His life for me  
By your word we will be the light in the world  
My Father  
Shine your light in me I'll stand on the word  
Be a light in the world  
When your praises are heard  
We'll be singing  
We'll be singing  
We'll be singing
