

# Joint (No Sleep)

Cassie

[Cassie]

That's my joint...

Yeah gimme that beat

What's the point, we ain't being low-key

(We ain't getting no sleep)Me and my crew all dressed up

We 'bout to hit these streets, 'bout to make niggas fall in love

Out here swerving, not giving a fuck

Cause we about to do it, do it, do it 'til the break of that sun come upWe've been doing this shit a long time

We just put out shopping, we go get our life

I said, we've been doing this shit a long time

We just pull up, hop out, walk right up insideWe say, that's my joint, yeah, gimme that beat

What's the point, we ain't being low-key

Fuck it though, we ain't getting no sleep

We ain't getting no sleep

That's my joint, yeah, gimme that beat

What's the point, we ain't being low-key

Fuck it though, we ain't getting no sleep

We ain't getting no sleepOn that floor (We on that floor), hair tied up (Hair tied up)

Cause we about to get it

Know you like that booty, you can look, don't touch (You can look don't touch)

In your city, showing love (Showing love)

Holla when you see me, see me, see me, but please, don't spill that cup (Don't spill that cup)We've been doing  
this shit a long time

We just put out shopping, we go get our life

I said, we've been doing this shit a long time

We just pull up, hop out, walk right up insideWe say, that's my joint, yeah, gimme that beat

What's the point, we ain't being low-key

Fuck it though, we ain't getting no sleep

We ain't getting no sleep

That's my joint, yeah, gimme that beat

What's the point, we ain't being low-key

Fuck it though, we ain't getting no sleep

We ain't getting no sleepThat's my joint, yeah, gimme that beat

What's the point, we ain't being low-key

Fuck it though, we ain't getting no sleep

We ain't getting no sleep

That's my joint, yeah, gimme that beat

What's the point, we ain't being low-key

Fuck it though, we ain't getting no sleep(We ain't getting no sleep...)
