Love Is so Easy

Hayes Carll

I saw you dancing down on Maclan street
Couldn't stop laughing at your two left feet
You never gave a damn about trying to please me
Somehow that made it all feel so easy
I pull at your favourite rest stop
You get kicked out every bar
Wake up weary from a hard night's sleep
Looking like a promise that I could keepHeyo, love is so easy when you're moving slow
And from the outside laying low
Forgetting your trouble
Let the world worry
Cause you and me won'tSo many things I don't understand
You keep your flowers in a coffee can
Roll your eyes at the jokes I tell
Told my mother she can go to hell
Look out, babe, now the night is so fine
Hold your heart up against the skyline
Always had a heart that I can't tame
But it all feels better when you say my nameHeyo, love is so easy when you're moving slow
And from the outside laying low
Forgetting your trouble
Let the world worry
Cause you and me won'tOh, the rest of this world's a little short on hope
Everybody's walking their own tight rope
Betting their money we'd be the first to fall
You and me, baby, gonna show 'em allHeyo, love is so easy when you're moving slow
And from the outside laying low
Forgetting you trouble
Let the world worry
Cause you and me won't
Say heyo, love is so easy when you're moving slow
And from the outside laying low
Forgetting you trouble
Let the world worry
Cause you and me won't
Let the world worry
Cause you, you and me won't
