

Sorry...

Allstar Weekend

Dot dot dot (x4)

You keep on calling me up crying saying sorry dot dot dot

Don't call me not not not, sorry dot dot dot

But i ain't buying all your lines saying sorry ah ah ah

Don't call me not not not, sorry dot dot dot

hey babygurl i was stupid

gave you my world but you excused me

you keep insisting saying you miss me

but you can't miss me with the things that you do

P-p-p-don't call me, p-p-p-why you bugging me

Your sorry that i saw through your lies

P-p-p-don't call me, n-n-n-now you ain't listening

There's nothing that can change my mind

You keep on calling me up crying saying sorry dot dot Dot

Don't call me not not not, sorry dot dot dot

But i ain't buying all your lines saying sorry ah ah ah

Don't call me not not not, sorry dot dot dot

But you should know i used to trust ya

You got to go i hate to hush ya

Now your crying c-call me crying

But i'm all done crying for you

P-p-p-don't call me, p-p-p-why you bugging me

Your sorry that i saw through your lies

P-p-p-don't call me, n-n-n-now you ain't listening

There's nothing that can change my mind

You keep on calling me up crying saying sorry dot dot Dot

Don't call me not not not, sorry dot dot dot

But i ain't buying all your lines saying sorry ah ah ah

Don't call me not not not, sorry dot dot dot

So lets go lets go separate ways

You and me we had our days

It's okay so don't you say sorry dot dot dot

You can leave me it's alright

Not wasting my time on lies

I got things to do tonight sorry dot dot dot

She says i'm sorry dot dot dot

No you ain't sorry dot dot dot

She's like i'm sorry dot dot dot

Don't give me sorry dot dot dot
You keep insisting saying you miss me
But you can't miss me with the things that you do
You keep on calling me up crying saying sorry dot dot Dot
Don't call me not not not, sorry dot dot dot
But i ain't buying all your lines saying sorry ah ah ah
Don't call me not not not, sorry dot dot dot
You keep on calling me up crying saying sorry dot dot Dot
Don't call me not not not, sorry dot dot dot
But i ain't buying all your lines saying sorry ah ah ah
Don't call me not not not, sorry dot dot dot dot dot
