

Helping Me Get Over You

Travis Tritt

You ask who's lying in my bed
Is it really love we're making?
My heart's hanging by a thread
She's the only reason it ain't breaking Do you ever cross my mind?
Darling, fact is you still do
That's the reason she is here
Wiping your old memory clear
She's helping me get over you Helping me get over you
One kiss at a time
'Cause all the pain that we've been through
Still weighs so heavy on my mind
Getting past the love we lost
That's a lonely bridge to cross
So I did what I had to do
I had to find somebody new
Who's helpin' me get over you I know, you'd never ask his name
But in your heart, I know you wonder
I'm not much good at playing games
I'm just trying to keep from going under There's no forever in his eyes
It's not the love that we once knew
Oh and it might be a sin
But tonight I've got a friend
Helpin' me get over you Helpin' me get over you
One kiss at a time
'Cause all the pain that we've been through
Still weighs so heavy on my mind
Getting past the love we lost
That's a lonely bridge to cross
So I did what I had to do
I had to find somebody new
Who's helping me get over you Oh I did the best that I could do
I had to find somebody new
To help me get over you
