

Storm

AJ Odneal

Do you feel the quaking of the walls?
Can you hear the praying down the hall?
You should know exactly what you do
This is just you

This could be just luck I thought,
Or maybe loveâ€™s a curse
To know thereâ€™s nothing better and
To know thereâ€™s nothing worse

And I thought you are the storm
That I could get caught up in, that
I could get caught up in

Sometimes some things just arenâ€™t worth the fight
You should know you canâ€™t love out of spite
Darling, dear itâ€™s time to come inside
Darling, dear we tried

I could ring the dinner bell and
You could choose to dine
I could call you darling and still know
That youâ€™re not mine

And I thought you are the storm
That I could get caught up in, that
I could get caught up in

Ooooh ooooooh oh
Ooooooooooooooh oooooooooh oohahooahooahah
Oohooohoooh oooh oh ooh oh oh
Oooohooohoooh oh ooh oh oh

[Instrumental Break]

This could be the end, I thought, the end
The end, the end of you and I
Troubles here to stay or troubles
Only stopping by

And I thought you are the storm
[That I could get caught up in, that
I could get caught up in] x3

Ooooooh ooooooooh oh
Ooooooooooooooh oooooooooh oohahooahooahah
Oohoooohoooh oooh oh ooh oh oh
Oooohoooohoooh oh ooh oh oh

[And I thought you are the storm] x3
That I could get caught up in, that
I could get caught up in
