

# Come Back Home

## Two Door Cinema Club

Another Saturday, another careless move  
Tell the world that you're thinking of what to do  
A window opens up and someone calls your name  
But I can tell, you don't know how to play this game I know this isn't it  
You'll hit your target some day So now you're on your own  
Won't you come back home  
To see you're not that kind And find the strength  
To find the strength  
To find another way To find another way  
To find another way  
To find another way So tell me what you need and I'll accommodate  
But if too long goes by, you just might be too late  
An opportunity, you can't afford to waste  
So have the lines in your head first for heaven's sake You hear the day beckoning  
Know what it's all in your head So now you're on your own  
Won't you come back home  
To see you're not that kind And find the strength  
To find the strength  
To find another way So now you're on your own  
Won't you come back home  
To see you're not that kind And find the strength  
To find the strength So now you're on your own  
Won't you come back home  
To see you're not that kind And find the strength  
To find the strength  
To find another way
