Endless Summer

Vandoliers

â€œEndless Summerâ€•

When I was a younger man
I was wild like a fire
They said I was just a kid
Born to lose told to win

Rebel yell at the top of my lungs
Blinded with wanderlust
I know what I shouldâ€™ve known then
But I was just a kid

(Chorus)
I thought the summers would never end
And I would live forever
I was running with the wind
Chasing down the river, ye-e-e-ah
Yeah I remember when, the summers would never end

I couldnâ€™t see the distant storm
But I could smell the rain
They say when it rains it pours
And every dog has its day

I am a little older now
And I can feel it in my bones
They say love concurs all
But when you sleep you sleep alone
When you sleep you sleep alone

(Chorus)
I thought the summers would never end
And I would live forever
I was running with the wind
Chasing down the river, ye-e-e-ah
Yeah I remember when, o-o-o-oh
Yeah I remember when, ye-e-e-ah
Yeah I remember when, the summers would never end
