

# Anniversary

## Oomph!

I hang around and stare at the scene  
it's unbelievable and obscene  
so fucking decadent and so clean  
it's like a fucking film to me  
a sudden sound is smashing my ears  
a sudden light is feeding my fears  
a sudden breeze is drying my tears  
and then you're there and talk to me  
so tell me do you see what I see?  
and tell me do you feel what I feel?  
and tell me do you know what I mean?  
it's like a fucking malady  
I can't believe it happen's to me  
I try to run but I cannot flee  
I hope you've come to rescue me:  
it's a fucking anniversary!  
don't try to deny me  
don't try to deny me  
still hang around here watching the scene  
it's very elegant and so green  
so fucking chic, you know what I mean  
it's like a fucking trip to me  
a sudden touch is hitting me hard  
a sudden warmth is eating my heart  
a sudden feeling tears me apart  
are you still here to stay with me?  
now tell me do you see what I see?  
and tell me do you feel what I feel?  
and tell me do you know what I mean?  
it fills me up with agony  
I can't believe it happens to me  
this is not where I wanted to be  
I hope you've come to set me free:  
it's a fucking anniversary!  
don't try to deny me  
don't try to deny me  
don't try to treat me like that  
don't try to treat me like that  
I can't believe it happens to me
