

# You Don't Care About Us

## Placebo

If it's a bad day, you try to suffocate  
Another memory scarred  
If it's a bad case, then you accelerate  
You're in the getaway car You don't care about us, oh  
You don't care about us, oh  
You don't care about us, oh  
You don't care about us If it's a bad case, you're on the rampage  
Another memory scarred  
You're at the wrong place, you're on the back page  
You're in the getaway car You don't care about us, oh  
You don't care about us, oh  
You don't care about us, oh  
You don't care about us It's your age, it's my rage  
It's your age, it's my rage You're too complicated, we should separate it  
You're just confiscating, you're exasperating  
This degeneration, mental masturbation  
Think I'll leave it all behind, save this bleeding heart of mine It's a matter of trust  
It's a matter of trust  
It's a matter of trust  
It's a matter of trust because You don't care about us  
You don't care about us  
You don't care about us  
You don't care about us It's your age, it's my rage  
It's your age, it's my rage
