Advisory - the following lyrics contain explicit language:

Long time ago knew a sweet little lassy
Hair like fire and a walk kinda sassy
She had ruby lips and sleazy eyes
Jungle hips and Lucy Lucy thighsBaby baby, take my hand
Baby baby, understandGive a little love to your baby
Give a little love to your manShe had a reputation and a cruel smile
You can give her an inch and she'll take a mile
Holy waters only make believe
Betty Boop what you doing to me?Baby baby, take my hand
Baby baby, understandGive a little love to your baby
Give a little love to your manAlright nowNow I'm driving all night in a limousine
She's showing me things I've never seen
There's a place in the world for a woman like you
Doing all the things that you gotta doBaby baby, take my hand
Baby baby, understandGive a little love to your baby
Give a little love to your manGive a little love to your baby, baby
Give a little love to your manGive a little love, give a little love, give a little love
Give a little love, give a little love, give a little loveGive a little, give a little
Give, give a little, give a little
