One night with me  
Stay here if you can now baby  
I'll hold onto anything if I have to darlingLost in love with you it's a pretty thing  
Pretty thing oh oh  
Lost in love with me could be what you need  
What you need oh ohOne night (take me) with me (with you)  
Stay here (I'll go) if you can now baby (baby)  
I'll hold (I'll give) onto (you my) anything (everything) if I have to darling (darling)Lost in love with you it's a pretty thing  
Pretty thing oh oh  
Lost in love with me could be what you need  
What you need oh ohThe only thing that's keeping me from going wrong  
Is you keeping me  
(Lost in love, lost in love, lost in love)  
And the only thing that's holding me from going wrong  
Is you holding meLost in love with you it's a pretty thing  
Pretty thing oh oh  
Lost in love with me could be what you need  
What you need oh oh(Lost in love)  
Lost in love with you it's a pretty thing  
Pretty thing oh oh  
Lost in love with me could be what you need  
What you need oh oh
