

Try Me (feat. Jennifer Lopez & Matoma)

[Jason Derulo](#)

I like the way that your body move all over the floor, na na na
I'd like to find a way to get lost in you, yeah yeah yeah
I wanna talk to ya, baby, say what's on your mind
Girl tell me anything that you wanna do, yeah yeah yeah Ain't we all just looking for some loving tonight?
Got a crazy feeling that I've hit you just right Try me in the morning when the sun comes rising up
Try me in the afternoon, bet you just can't get enough
Try me in the evening, satisfaction guaranteed
Baby, I got what you need, you gotta try me
Try me Let's go and find a place and get to know each other more, na na na
It's all on your face, I know you like what you see, yeah yeah yeah
I'm the one for you, baby, but you can take your time
Let the music bring your body to me, yeah yeah yeah Ain't we all just looking for some loving tonight?
Got a crazy feeling that I've hit you just right So try me in the morning when the sun comes rising up
Try me in the afternoon, bet you just can't get enough
Try me in the evening, satisfaction guaranteed
Baby, I got what you need, you gotta try me (I know) I got what you need you gotta try me Bring that body
closer, I wanna feel your skin up on mine
Like I already know ya, I'm grabbin' that ass from behind
As we dutty wine, I got chills down my spine
As we dutty wine, girl, we might be meant to be So try me in the morning when the sun comes rising up
Try me in the afternoon, bet you just can't get enough
Try me in the evening, satisfaction guaranteed
I got what you need, you gotta try me I got what you need you gotta try me
