

# Sunday Mail

## Marcy Playground

I'm just out here in the street practically  
I'm just waitin' for the Sunday mail  
Ooh, it doesn't come Will you send me something soon?  
Will you swing me near the moon?  
With those words, I know I know you will, I know you will  
I know you will I'm just out here in the street, practically  
I'm just waitin' for the Sunday mail  
Aooo it never comes, ooh Will you send me something soon?  
Will you swing me near the moon?  
With those words, I know I know you will, I know you will  
I know you will, I know you will
