Holy Water

Edguy

Waiting all the time to erase it from my mind
I feel like I've been left behind, my heart is frozen
PUSHED to rush and fall and again I'm gonna crawl
Is there really no return from the life been chosenYou wanted more from me than I could ever beRains is falling, pouring down on me
Holy water to ease my pain, purify me
Rain is falling, pouring down on me
Holy water to ease my painI'm driving down my way to digest yesterday
Under rain clouds towards the sundown to be devoured
And then come out alive
Dripping wet but purified
Ready to beard the memories of golden hoursNo, there's nothing else than we can do
We gotta walk on throughRain is falling, pouring down on me...
