The Need

Pretty Cool Chair

Anything you need
I can't be anything you need
Anything you need
Anything you need
Anything you need
I can't be anything
I can't be anything
I can't be anything you need
Now I walk alone, I find a way
All of my prayers unanswered
All of my careless actions
Failures catastrophe, this is killing me
Somewhere in here, somewhere in here
Kindly nail yourself
Upon your thoughts
You've never had enough
Pain to feel at all
It's coming up all now
Prayers unanswered
All of my careless actions
Failures catastrophe, this is killing me
Somewhere in here
Fade the cross from my memory
What part of this is saving me?
And what exactly is it saving me for?
I don't need to believe anymore
I can't be anything
I can't be anything you need
I can't be, I find a way
I look back upon my life
I found it hard to find
The right words that won't hurt
And brings me back to my knees
Anything you need
Anything you need
All of my prayers unanswered
All of my careless actions
Failures catastrophe, this is killing me
Somewhere in here, somewhere in here

Nail yourself upon your thoughts
Nail yourself upon your thoughts
I find a way
Close your eyes
If you want to be blind
Close your eyes
If you want to be blind
Close your eyes
If you want to be blind
Close your eyes
If you want to be blind
