

# The Need

## Pretty Cool Chair

Anything you need  
I can't be anything you need  
Anything you need  
Anything you need  
Anything you need  
I can't be anything  
I can't be anything  
I can't be anything you need  
Now I walk alone, I find a way  
All of my prayers unanswered  
All of my careless actions  
Failures catastrophe, this is killing me  
Somewhere in here, somewhere in here  
Kindly nail yourself  
Upon your thoughts  
You've never had enough  
Pain to feel at all  
It's coming up all now  
Prayers unanswered  
All of my careless actions  
Failures catastrophe, this is killing me  
Somewhere in here  
Fade the cross from my memory  
What part of this is saving me?  
And what exactly is it saving me for?  
I don't need to believe anymore  
I can't be anything  
I can't be anything you need  
I can't be, I find a way  
I look back upon my life  
I found it hard to find  
The right words that won't hurt  
And brings me back to my knees  
Anything you need  
Anything you need  
All of my prayers unanswered  
All of my careless actions  
Failures catastrophe, this is killing me  
Somewhere in here, somewhere in here

Nail yourself upon your thoughts

Nail yourself upon your thoughts

I find a way

Close your eyes

If you want to be blind

Close your eyes

If you want to be blind

Close your eyes

If you want to be blind

Close your eyes

If you want to be blind
