

The Empty Altar

Old Time Preachers Quartet

The Empty Altar

We used to get on our
knees at the altar
Seeking Godâ€™s favor
till the glory came down
A moment of silence
is just not the same
The altarâ€™s been empty
for way too long now

Chorus

Tears need to fall on
The church floor again
Holy Ghost conviction
and preaching on sin
The burden for sinners,
weâ€™ve lost it somehow
The altarâ€™s been empty
for way too long now

V2

We used to sing those
old Hymns with conviction
That sweet touch of God
would fill the church house
When prayer warriors knelt,
God heard when they prayed
Weâ€™ve left the old path
and weâ€™re paying now
