

# Rest Your Head

## The Dandy Warhols

Come on now, rest your head  
And I'll protect you  
You've been running too fast, running for fear  
You've got to stop sometime soon  
Pushing through barriers and pushing through seas  
And the witch will come for you  
You've been running up hills and running too slow  
And just keep on running, keep on running  
Look what you find, look what you find  
Come on and rest your head!  
And I will protect you  
Come on now!

Come on and rest your head  
You gotta stop sometime soon  
Your power's so strong and if you don't know why  
There's a deeper knowing in that big old sky  
Could say you're in the wrong place at the right time  
But don't keep on running, keep on running,  
Stick to this spot  
Come on and rest your head  
And I will protect you  
Come on now!  
Come on and rest your head  
You gotta stop sometime soon
