

# Thin Ice

## Ozark Mountain Daredevils

Some folks go to the motel  
And some folks go to the brush  
And some folks go for that funky thing  
And some folks go for the rush  
But I thought we had a real love  
Filled with a common trust  
Till your love slipped and I got hip  
Now, nothing ain't like it was  
And we're traveling on thin ice, baby  
Thin ice, baby  
We're traveling on thin ice, baby  
Thin ice  
I'm giving up living that nightlife  
I'm giving up walking the street  
I'm giving up waiting for sunrise  
And the high heeled sound of your feet  
And you said we had a rare wine  
With a taste so bittersweet  
But that's all wrong, our good thing's gone  
It ain't like it used to be  
And we're traveling on thin ice, baby  
Thin ice, baby  
Yeah, we're traveling on thin ice, baby  
Thin ice  
Thin ice, baby  
Oh yeah, we're traveling on thin ice, baby  
And, ooh, we're traveling on thin ice, baby  
And we're traveling on thin ice, baby  
Aah, we're traveling on thin ice, baby  
Aah, we're traveling on thin ice, baby
