Korn

All I want in life is to be happy, happy
All I want in life is to be happy, happy
All I want in life is to be happy, happy
All I want in life is to be happy, happy It seems funny to me
(All I want in life is to be happy)
(All I want in life is to be happy, happy)
How fucked things can be
(All I want in life is to be happy, happy)
(All I want in life is to be happy, happy)
Every time I get ahead
(All I want in life is to be happy, happy)
(All I want in life is to be happy, happy)
I feel more dead
(All I want in life is to be happy, happy)
(All I want in life is to be happy, happy)
