Blue Eyed Fiend (demo)

Sonic Syndicate

Please kill me in my sleep so I get stuck in my dreams
I'll keep exhaling the rime of my chaotic harmony
But the wrecked parts of that ship keep floating inSo I see, this time was never made for me
Never wanted you to know what was inside of me
And all the things I ever wanted was things I had beforeMaking my way to heaven through a thousand miles of hell
And your absence bought me time to break from my mindEvery time I slept with you I made sure that
There was no ice pick hidden in the sheets of the bed
But my feelings for you are wearing out
It's a strife, still you're the sundown of my life
