

# I Created Disco

Calvin Harris

Would you just like to tell us  
How you began creating disco? Well it was the mid 70's  
I was a virtually unknown producer at the time  
And I, I was conducting various sonic experiments  
With the assistance of Mary, my wife Anyway during one session I discovered that  
By using a succession of techniques  
I, I actually developed during the war  
I could create an entirely new genre of music  
And that was the night I created disco I created disco
