

Goin' In Circles

Blackfoot

I've laid alone in bed most every night
I'm havin' dreams of you
Been hearin' things about you, I don't wanna know
Tell me woman it ain't true
You got me goin' in circles
I'm runnin' all around
You got me goin' in circles
Round and round and up and down
You say forever, I think it's now or never
My heart is in your hand
Drop it on the floor, step on it once more
You're so hard to understand
You got me goin' in circles
I'm runnin' all around

You got me goin' in circles
Round and round and up and down
You got me goin' in circles
I'm runnin' all around
You got me goin' in circles
Round and round and up and down
You got me goin' in circles
I'm runnin' all around
You got me goin' in circles
Round and round and up and down, I'm dizzy woman
You got me goin' in circles
I'm runnin' all around
You got me goin' in circles
