It`s Just Me

Allister

outside i stand sorta cold
i used to know how to get warm
sometimes you still let me in
but i'm not so welcome anymorewhy don't you recognize me
is it hard to see how much i've changed
it's been a while since you despised me
but take a look and you'll find out
it's just me
it's just me
the one who loved you held you tight
it's just me
it's just me
the one who loved you held you tight
the one who lied messed up that night
it's just meoutside i stand all alone
and you come and stand next to me
maybe now you'll let me in
because i'm not so messed up anymorewhy don't you recognize me
is it hard to see how much i've changed
it's been a while since you despised me
but take a look and you'll find out
it's just me
it's just me
the one who loved you held you tight
it's just me
it's just me
the one who loved you held you tight
the one who lied messed up that night
it's just meit's just me
it's just me
the one who loved you held you tight
it's just me
it's just me
the one who loved you held you tight
the one who lied messed up that night
it's just me
