Killing Heidi

Black mascara smudges your face
You sit in your grassy place
The grass is, oh, so greener on the other side
But then I wonder whyIt's never gonna be that way
'Cause you got a pretty face
Not gonna be one of those girls
Don't wanna live in that worldDoes popularity come with a make-up case?
Just think of all the time you waste
See the sporties get their prizes
As we hide in the faculties demisesIt's never gonna be that way
'Cause you got a pretty face
Not gonna be one of those girls
Don't wanna live, don't wanna live
Don't wanna liveIt's never gonna be that way
'Cause you got a pretty face
Not gonna be one of those girls
Don't wanna live, don't wanna live
Don't wanna live, don't wanna liveIt's never gonna be that way
'Cause you got a pretty face
Not gonna be one of those girls
Don't wanna live in that world
