Beautiful Mistake

Keri Hilson

Please leave your message for me
Record your message after the tone
Yo, what's up K? It's your boy, Rob
You know I ain't heard from you in a minute
I'm trying to see what's good with you, hit me back
I follow my heart but every time I do
It gets me lost and left in the dark
But I think it's clear this time
I guess we're just not compatible, no
You pick me up, you let me down
You give me nothing to fall on, yeah, yeah
Damn, I wish that CVupid's arrow never hit
Never went through me, through me
I wish we never crossed the line
I wish I never gave you this booty
That ain't 'bout no other
Back to friends then lovers
Lets just call this what it is, babe
What it is, babe
Damn, never thought I would say
We were a beautiful mistake and it is what it is
Can't say it no other way
We were a beautiful mistake and it is what it is
Damn, I wish I could stay
But we were a beautiful mistake
Boy, you know I'm gonna miss you by my side
But it is what it is
Ah, baby
That's what it is
Oh, baby
You followed your heart, it lead you to me
But in reality I don't fit the part
We gave it a room but it flew outta control now
Don't get me wrong, what we had was good
I really thought we stood a chance
But that love quickly passed, no
Damn, I wish that Cupid's arrow never hit, ooh
Never went through me, through me
I wish me never crossed the line

I wish I never gave you this booty
It ain't 'bout no other
Back to friends then lovers
Lets just call this what it is, babe
What it is, babe
Damn, never thought I would say
We were a beautiful mistake and it is what it is
Can't say it no other way
We were a beautiful mistake and it is what it is
Damn, I wish I could stay
But we were a beautiful mistake
Ooh boy, you know I'm gonna miss you by my side
But it is what it is
Time to hang it up, you breaking up
Keep your head up, that's what it is what it is
Time to hang it up, you breaking up
Keep your head up
Ain't no use in fighting 'cause it's understood
We both know we tried it but it didn't turn out good
Ain't no use in fighting 'cause it's understood
We both know we tried it but it didn't turn out good
Don't you see that we're just a beautiful mistake?
That's what we are
Don't you see that we're just a beautiful mistake?
That's what we are
Don't you see that we're just a beautiful mistake?
That's what we are
Don't you see that we're just a beautiful mistake?
That's what we are
Don't you see that we're just a beautiful mistake?
That's what we are
Don't you see that we're just a beautiful mistake?
That's what we are
Don't you see that we're just a beautiful mistake?
