

# Goodnight, California

**Kathleen Edwards**

You know what I wish?  
It was just you and me  
Sitting in this corner bar  
You could tell me how your are  
But I'm not gonna lie or anything  
You don't even have to speak  
If you keep looking at me  
And I could go all night

But they're turning up the lights  
It would be so easy  
Do or say anything  
And I'm not gonna lie  
I'm not looking for love  
I won't let you in my heart  
But you were always on my mind
