

Cinderella Stay Awhile

Michael Jackson

Fairytales, make-believe and you
Fairytales, make-believe and you
Cinderella, stay awhile
You're the one that I've been lookin' for
Cinderella, when you smile
All around me sunbeams start to fall
Midnight is so near
Please don't disappear
Now that you are here
Stay awhile
Cinderella, I just know
That the magic slipper's gonna to fit
Cinderella, do not go
You're my princess I am sure of it
This is love for sure
Love that's sweet and pure
Love that will endure
Stay awhile
When you speak
The angels all sing
This is the kind of magic
You bring, oh

Cinderella, stay awhile
This is like a fairytale with you
Cinderella, when you smile
All my fairytales are coming true
Well my only fear
Is midnight is so near
Please don't disappear
Stay awhile, oh

Fairytales, make-believe and you
Fairytales, make-believe and you
Cinderella, stay awhile
Don't you go, ho
Cinderella, stay awhile
Don't you go
Stay, stay, Cinderella
Stay awhile, please love me Cinderella

Don't you go, please don't go
Cinderella, I would die
Cinderella, don't you go, well my
I wanna be your fella, Cinderella
I wanna be your fella, alright
Don't you go, Cinderella
