

# Cops and Robbers

## The Hoosiers

If we catch a criminal  
When we catch a criminal  
There's nothing we can do  
But play cops and robbers  
Cops and robbers We're at a revolution  
And we're baying for your blood  
We're laying down the law  
And your name's mud You'd like to be a member of the human race  
You want to be a good boy  
But you couldn't stand the taste Blame Simon  
'Cuz he said  
You've got two lives down  
And one life left  
Blame Simon  
Because he said  
You could think better with a hole in your head  
You could think better with a hole in your head If we catch a criminal  
When we catch a criminal  
There's nothing we can do  
But play cops and robbers  
Cops and robbers  
If we catch a criminal  
When we catch a criminal  
There's nothing we can do  
But play cops and robbers  
Cops and robbers Catch a revolution  
Now your waging war again  
Marching on the spot when you should have made amends  
Cause you say you fight for us  
Cross your heart and hope to die  
You're the bully in the playground and we'll hang you out to dry Blame Simon  
Because he said  
You've got two lives down  
And one life left  
Blame Simon  
'Cuz he said  
You could think better with a hole in your head  
You could think better with a hole in your head If we catch a criminal  
When we catch a criminal

There's nothing we can do  
But play cops and robbers  
Cops and robbers  
If we catch a criminal  
When we catch a criminal  
There's nothing we can do  
But play cops and robbers  
Cops and robbers  
If we catch a criminal  
Line them up against a wall and shoot them all  
Oh oh oh  
If we catch a criminal  
When we catch a criminal  
There's nothing we can do  
Play cops and robbers  
Cops and robbers  
If we catch a criminal  
When we catch a criminal  
There's nothing we can do  
Play cops and robbers  
If we catch a criminal  
There's nothing you or I can do  
Line them up against a wall I'll get a gun and shoot them all
