Come Back

[Brian McKnight](#)

Thought about it
No doubt about it when you seek you find
Since I left you
Can't seem to get you off my mindI paid the cost now it appears I lost the melody
Got monumental making up to do with you babyMade some mistakes
Caused some heartbreak, you must be fed up
I didn't mean it
When I was screamin' that I'd had enoughAn' all the time that's passed from then to now
I can't get it right baby girl I need to see you tonight'Cause I miss you, want you, need you back in my life
Got to get back to them days when you were mine
I'll do whatever I gotta do to make you see
I can't live without you girl come back to me, come back to meTold you so many lies
Just to feed my selfishness and greed
Through all the fanfare
What was out there wasn't what I needFound an old photograph brought back all the memories
Wasted so much time without youMy baby, I beep you, try to reach you
Head over to your place
I get over, someone else's Rover's
Parked up in my spaceWhat have I done I might have lost the one
I might be too late every time I get the machine I say, I sayI miss you, want you need you back in my life
Got to get back to them days when you were mine
I'll do whatever I gotta do to make you see
I can't live without you girl come back to meOh, I know there's still a place for me in your heart
And oh, every moment I spend without you girl is tearing me apart
I know that this ain't the way that it was meant to be
Baby, please forgive me, girl come on back'Cause I miss you, want you need you back in my life
Got to get back to them days when you were mine
I'll do whatever I gotta do to make you see
I can't live without you girl come back to me
