smoking weed in bamboo sippin on private stock (x 2 hook)

Mixxim Verse-

Smoking Purple flowers, kush plants  
I'm MVP, Kevin Durant (splash)  
Got yo chick callin my cell phone  
Red bone from New Orleans, serving up that super dome  
Country thick when she walk she swiiiitch  
At first she was yo chick but you contradiiict  
You a trick so when I gave her this  
I aint hatin on you but she lovin Miiiiix  
You stay pussy whipped, I just whip that (whip it)  
Kush blunt and moscato make her call me tomorrow  
With all that body she got arrested for illegal cargo  
And I know, she can't help it because she above average  
And Ima savage so I gotta have it (gotta have it)  
That phat rabbit is like gravity it keep pulling me  
Like this hennessy it keep callin me  
you trying to hold on but she letting go  
cuz she know that she can do better  
and her voodoo got me feeling like ...

Buc Ballzy verse-

Exotic, we ridin, she liking that fly shit  
she want it, I cop it, we get it no problem, they watchin  
Bet ya can't do it like me, from L.A to N.Y.C  
got a P.Y.T in every C.I.T.Y my new girl made me leave them girls behind  
Rewind let me take it back, before I met her I was married to rap  
sparring with my negus I was ready to scrap  
Money wasn't good man I hated that  
fuck it my negus pay me back, but nobody ever paid me back  
then they all fade to black (black black black black)  
But Mixxim believed so I proceed no longer penning to eat  
Just rippin the beat not chasing a dream  
off your knees on your feet  
Got love for the streets but I gotta love me first

then it occurred, tall sexy with curves,  
not looking for love just ready to swerve (swerve swerve)  
She backed it up like a mac truck  
I went deep space call me NASA  
Not the speed of light, but faster  
meteorite disaster... boom!

Sometime shit gotta blow up before you grow up  
unexpectedly, but you know what I think we on one (on one)
